To whom this concerns,

8/17/2015

Emmanuel Ajanma is an amazing person and an exceptional employee.

It has been my great pleasure to work with Emmanuel for the past two years. He accomplishes all assignments cheerfully and efficiently no matter what the task.

He is a well-organized, conscientious, dependable and productive self-starter.

Examples: Assisting teachers, students and other staff with technology problems, conducting various staff training sessions to encourage all staff to become more technologically literate, deploying new technology hardware and software for staff and students -- the list goes on and on.

He has great interpersonal skills and uses them effectively every day.

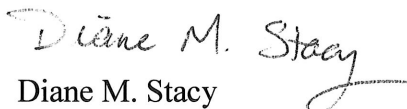

Emmanuel works exceptionally well with all our co-workers here at the Central Vermont Career Center and the Barre Supervisory Union Tech Team, always contributing to a "can-do" positive atmosphere.

Emmanuel is a "positive" person with a great sense of humor and a strong desire to learn and help in any way he can. He has a thirst for knowledge and a desire to pass that new knowledge on to whomever he can. He is always taking classes, researching and trying out new apps and applications, seeking out new and better ways to accomplish our goals. He always goes above and beyond the Technology Integration position expectations.

I whole-heartedly recommend that you accept Emmanuel Ajanma into your Certificate for Educational Technology Program.

Please feel free to contact me with any additional questions you may have.

Sincerely,

Diane M. Stacy  
Director of Technology  
Barre Supervisory Union
